# THE GREAT BEACH ADVENTURE

## What is it?

The Great Beach Adventure is a children's theatre show for ages 3–10 celebrating imagination, Australian beach adventures, and the playful way young people see the world.

## What is it about?

The Great Beach Adventure is a story about imagination. Jacob has never been to the beach; Courtney has. This interactive, high-energy performance celebrates how kids play, problem-solve, and imagine their way through big adventures using everyday things. With physical comedy, playful surprises, and heartwarming friendship, it's the perfect summer holiday theatre treat that will have the whole family ready for their very own beach adventure!

“My daughter and I loved The Great Beach Adventure. She was captivated from beginning to end, which is not an easy feat for a toddler.”

## **The Great Beach Adventure**

*By Courtney Wagner and Jacob Watton*

*The Great Beach Adventure is a joyful, imagination-powered escapade for children aged 3–10 and their grown-ups. When two best friends decide it's beach day, their living room transforms into a world of waves, pirates, sea creatures, and sun-soaked silliness.*

“ You can't help but fall in love with these two friends as you're taken on their quest to the beach. Couldn't recommend more!”
